An extremely highly motivated person looking for an opportunity to apply his knowledge and practical skills in Frontend Development. Since January 2022, I have been studying and practicing HTML & CSS and JavaScript on my own, from October 2022 to the present I am studying at the CyberBionik Systematics school with a degree in Frontend Developer (REACT).

Excellent communication skills, attentiveness, code quality and responsibility, able to work as a team, purposeful, result-oriented.

HARD SKILLS

- Programming languages: JavaScript
 - Development environments (IDE): Microsoft Visual Studio
 - HTML5&CSS3, FlexBox CSS, Grid CSS, Git, Github, SASS, JavaScript(ES5, 6). Figma, Photoshop, VSCode, Koala.
- I am currently studying at the CyberBionik Systematics school, I have to learn REACT, TypeScript.

EDUCATION

Kharkiv Institute of Personnel Management
